SUMMARY

Computer Science graduate specializing in Software Engineering with experience gained through academic projects and internship program. Skilled in problem-solving, collaboration, and adapting to new technologies, with a strong foundation in software development and digital tools. Committed to delivering high-quality work and continuously developing technical and professional skills.

INTERNSHIP EXPERIENCE

FEU Tech Innovation Center, *Creative Intern*

Dec 2024 – Jul 2025 | Sampaloc, Manila

- Designed digital assets and promotional materials using Canva and Affinity Designer 2, supporting marketing campaigns and brand identity.
- Applied design principles and managed weekly social media content for TikTok and Facebook to maintain audience engagement.
- Collaborated with teams to create and refine creative assets, delivering high-quality projects on schedule.

PROJECTS

Enhancing AI Chatbot for a Human-Like Conversation Through Natural Language Processing in Food Services,

Frontend Developer / Team Member

- Developed a responsive frontend interface from Balsamiq wireframes and functional requirements using HTML5, CSS3, and JavaScript, improving accessibility and usability across multiple devices.
- Implemented custom UI components that displayed real-time chatbot responses and sentiment analysis results from the backend and OpenAI API, enabling seamless user interaction with the AI system.
- Contributed to Alpha and Black Box testing under ISO 25010 quality standards, helping the system achieve an 80.09% F1 score and a usability rating of 4.74/5.0.

Digital Debut Invitation, *Solo Frontend Developer* | Live Link: <https://trisha-digital-invitation.vercel.app/>

- Developed a responsive, Bridgerton-inspired digital invitation platform using React, TypeScript, Tailwind CSS, and Vite, delivering an interactive experience across desktop and mobile devices.
- Implemented animated features, including an envelope-opening sequence, countdown timer, photo gallery, and background music, enhancing user engagement and event presentation.
- Integrated LocalStorage functionality and custom interactive components, improving usability and preserving guest preferences between sessions.
- Deployed the application on Vercel through GitHub, ensuring efficient version control and public accessibility.

Debut RSVP, *Solo Frontend Developer* | Live Link: <https://debutrsvp.vercel.app/>

- Developed a responsive, Bridgerton-inspired RSVP web application using HTML5, CSS3, and JavaScript, delivering a seamless experience across desktop and mobile devices.
- Implemented a dynamic guest search and attendance system that supports individual and group invitations, streamlining the RSVP process.
- Integrated Google Forms and Google Sheets to automate the collection and storage of guest responses, reducing manual data entry.
- Deployed the application on Vercel and managed source code through GitHub, ensuring reliable accessibility and version control.

EDUCATION

FEU Institute of Technology

Aug 2021 – Nov 2025

Bachelor of Science in Computer Science with Specialization in Software Engineering

FEU Tech Association for Computing Machinery (ACM) - Junior Officer Secretariat (2022-2023)

SKILLS

Web & Database Technologies — HTML5, CSS3, JavaScript, PHP, MySQL, phpMyAdmin, Vercel, XAMPP

Programming Languages (Familiar/Foundational) — Python, Java, C++, TypeScript, React (.tsx)

Development Tools & Platforms — GitHub, VS Code, Android Studio, Google AI Studio, ChatGPT, ClaudeAI, Blackbox AI

Design & Multimedia — Affinity Designer 2, Affinity Photo 2, Canva, Figma, CapCut, Clipchamp

Productivity & Collaboration: — Microsoft Office Suite (Word, Excel, PowerPoint, Teams), Google Workspace (Docs, Sheets, Slides, Drive)

CERTIFICATIONS

DevNet Associate (January 2024), **CCNAv7: Introduction to Networks** (July 2023), **Information Technology Specialist in Python**

(Certiport (ID: Hm8v-XMzs) – June 2023), **Information Technology Specialist in Java** (Certiport (ID: w9coT-H9sw) – November 2022)

AWARD

CCSMA Dean's Lister (Gold) | FEU Institute of Technology – February 2022
