SUMMARY

Computer Science and Software Engineering graduate passionate about transforming ideas into intuitive digital experiences. Skilled in front-end development, responsive web design, visual design principles, and user-focused problem solving. Recognized for creativity, attention to detail, adaptability, and a continuous learning mindset. Seeking an entry-level opportunity to combine technical knowledge with design thinking to create meaningful digital products.

SKILLS

Web & Database Technologies — HTML5, CSS3, JavaScript, PHP, MySQL, phpMyAdmin, Vercel, XAMPP

Programming Languages (Familiar/Foundational) — Python, Java, C++, TypeScript, React (.tsx)

Development Tools & Platforms — GitHub, VS Code, Android Studio, Google AI Studio, ChatGPT, ClaudeAI, Blackbox AI

Design — Canva, Figma

CERTIFICATES

DevNet Associate (January 2024), **CCNAV7: Introduction to Networks** (July 2023), **Information Technology Specialist in Python** (Certiport (ID: Hm8v-XMzs) – June 2023), **Information Technology Specialist in Java** (Certiport (ID: w9coT-H9sw) – November 2022)

EDUCATION

FEU Institute of Technology, Bachelor of Science in Computer Science with Specialization in Software Engineering 2021 – 2025
FEU Tech Association for Computing Machinery (ACM) - Junior Officer Secretariat (2022-2023)

PROJECTS

Enhancing AI Chatbot for a Human-Like Conversation Through Natural Language Processing in Food Services, Frontend Developer / Team Member

- Collaborated closely with teammates to translate Balsamiq wireframes, functional requirements, and logic flows into a fully functional, interactive, and responsive frontend using **HTML5, CSS3, and JavaScript**.
- Programmed custom frontend elements to display real-time chatbot responses and sentiment analysis results generated by the team's backend (**PHP/MySQL**) and the **OpenAI API**.
- Assisted in software evaluation using Alpha and Black Box testing under **ISO 25010 quality standards**, achieving an **80.09% F1 score** and a **high usability rating of 4.74/5.0**.

Digital Debut Invitation, Solo Frontend Developer | Live Link: <https://trisha-digital-invitation.vercel.app/>

- Built a responsive, single-page website using **React** and **TypeScript**, using **Vite** for fast loading and performance.
- Created interactive features including an animated invitation envelope, a live countdown timer, and a responsive photo gallery.
- Used **Framer Motion** and **Tailwind CSS** to build smooth visual animations and a mobile-friendly layout.
- Used the **LocalStorage API** to save guest choices and registry selections directly in the browser so they persist across visits.
- Integrated background music with custom volume controls and deployed the live site on **Vercel** using **GitHub**.

Debut RSVP, Solo Frontend Developer | Live Link: <https://debutrsvp.vercel.app/>

- Developed a responsive RSVP website with clean CSS layouts, modern designs, and custom transition animations.
- Created a guest search feature using **JavaScript** that allows users to find their invitation by typing any part of their name.
- Built dynamic forms that adapt to different group sizes and automatically require a text message if a guest declines the invitation.
- Connected the frontend form to save guest RSVP responses directly into a Google Sheets spreadsheet in the background.
- Deployed the live static web application on **Vercel** using **GitHub** for version control.

INTERNSHIP EXPERIENCE

FEU Tech Innovation Center, Creative Intern 12/2024 – 07/2025

- Designed digital assets including social media graphics and posters using **Canva** and **Affinity Designer 2**.
- Applied standard design principles such as layout, typography, and color theory to ensure visual consistency across digital platforms.
- Coordinated weekly content planning and assisted in publishing media on TikTok and Facebook to maintain a consistent online presence.
- Collaborated with supervisors and cross-functional teams to brainstorm visual concepts and meet strict project deadlines.
- Revised and updated design assets based on team feedback, demonstrating adaptability and attention to detail.

AWARD

CCSMA Dean's Lister (Gold) | FEU Institute of Technology – February 2022
